

## *Love God, Serve Christ, Proclaim the Gospel*

Those words from our Baptismal Promises call us to actively relate our faith to our lives and ministries – to transform our faith into action. What if you have questions about how to do that? Or want to know more about the Bible, Christianity, your role in the faith community or simply need to know more to feel confident engaging in a faith conversation with others?

### *Education for Ministry is for you!*

Education for Ministry (EfM) invites participants to explore the scope and depth of our Christian tradition in small, comfortable and supportive mentored groups. Participants engage in individual study, and group conversations, as they expand their ability to think theologically, and reflect faithfully. EfM fosters opportunities for spiritual growth via prayer, study, spiritual reflection and worship. EfM is for adults of any age. Seminar groups meet in local and/or online settings to explore a four-year curriculum that develops theologically informed, spiritually reflective, and articulate lay persons empowered to transform their faith into action.
